PROJECTS

Personal Portfolio | HTML, CSS, JS

June 2025

- Designed and developed a responsive personal portfolio showcasing skills, projects, and contact details.
- Emphasized clean layout, smooth navigation, and modern UI/UX.

Myntra Clone | HTML, CSS

May 2025

- Developed a static clone of the Myntra website using only HTML5 and CSS3.
- Focused on clean, maintainable code structure using semantic HTML and reusable CSS classes.

Banking management system | C++

May 2025

- Developed a console-based banking management system using Object-Oriented Programming in C++.
- Applied core C++ concepts like classes, constructors, file handling, and encapsulation for a real-world banking simulation.
